LET US ADOPT A CITY

PANDEMIC AFTER EFFECTS

Where do we stand right now

- Stagflation
- Mass unemployment
- Increasing income inequality

02

LET US ADOPT A CITY

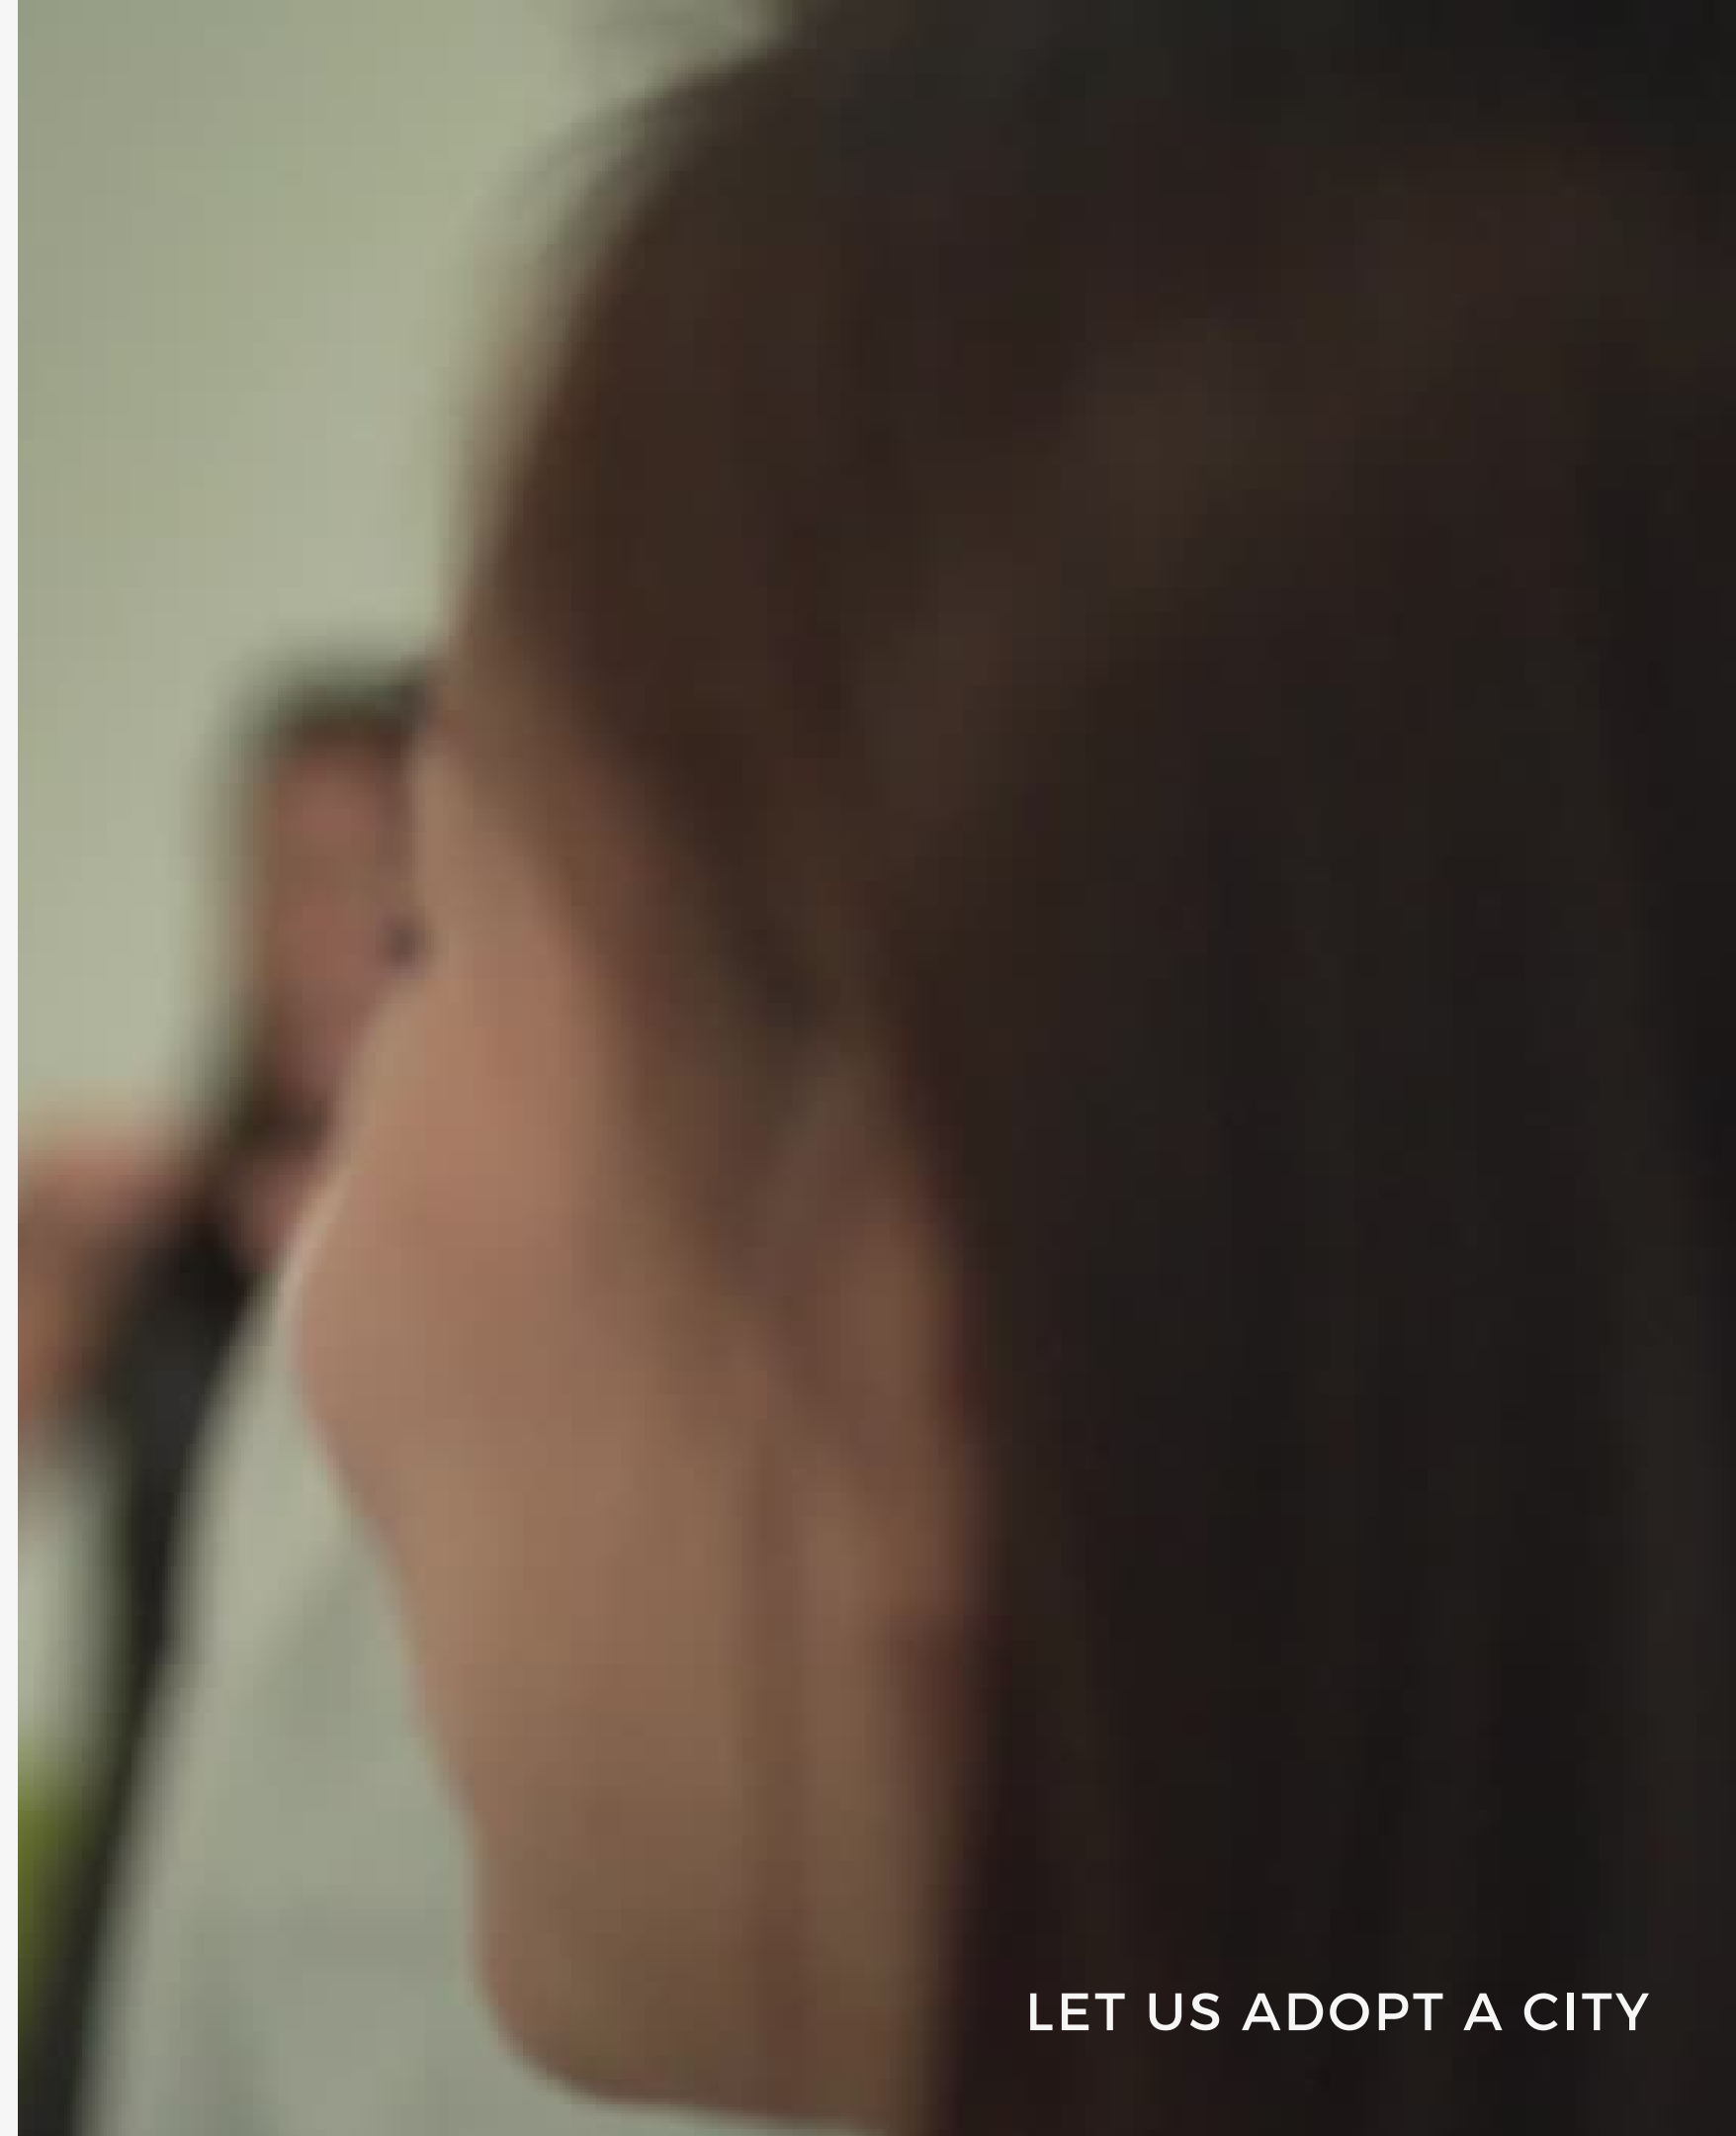

HOW WE HEAL TOGETHER

- Address the underserved needs
- Give the unemployed an opportunity to rebuild
- Educate for skills needed in the post-Covid workforce
- Train to transform WFH individuals into entrepreneurs

WE WILL WORK WITH PESO & RE-SKILL EACH BARANGAY

Identify skill-needs of local employers in the post-COVID era, and move towards evidence-based re-skilling

ADOPT A CITY

Join us as we heal the city by
re-skilling each Barangay at a
time with the help of PESOs

WE HAVE THE TOOLS TO RE-SKILL

We have invested in building online learning tools that are currently powering online schools. We will use the same tools to re-skill our unemployed youth.

PLEDGE YOUR SUPPORT & BE A PART OF THE COME-BACK STORY ■

02

The nation is hungry to hear a come-back story. As each unemployed youth gets re-skilled and finds a job, and can support their family, your organization will be a part of that come-back story.

YOUR PLEDGE GETS YOU:

- Access at the grassroots level
- Recognition at the policymaking table
- Admiration of your existing workforce
- Product placement and branding
